Deceased had been afflicted with lung trouble for a great many years, but was able to be around until a month ago when his health began to fail quite rapidly. He was able to be down town on Wednesday and even yesterday walked out in the yard. A fountain is under headway directly in front of the courthouse, and the scheme of ornamentation of the center of the same, as elsewhere on the plaza prevails with “both feet” as it were, viz., rocks and rocks and rocks. To make this rocky enterprise rock-ribbed in a rocky country, we suggest that the new fountain be baptized in honor of Rockefeller and that when the water is playing around and through the rocks of that
rocky edifice none but rock cod be permitted to flip their tails or wiggle their fins therein.

POLAND TRAGEDY Two Men Meet on Trail and Immediately Open Fire on Each Other. Both Are Wounded and One Probably Fatally-Old Feud Cause of Trouble.

About 6:30 o’clock this morning Charles McCready, engineer at the mine being operated by John Gray, and Ed Tippen, a miner, met on the trail between the mine and boarding house. The two men had trouble previously over the men going into the boiler room, it seems but the exact nature of which was not learned. At any rate bad blood had been generated over it, and when they met this morning both men were armed in anticipation of the meeting. It is alleged that McCready pulled his gun first and Tippen returned the fire.

Each was shot twice in the fusilade which followed. Tippen’s wounds, while painful, are not of a serious nature, one of the bullets taking effect in his shoulder, and the other in his hip. His aim, however, was more deadly than his wounds, as he succeeded in landing two bullets in McCready’s abdomen. Three physicians were summoned to attend the wounded men, and they pronounced McCready’s wounds as being fatal, his intestines being perforated by the bullets. Both men are very highly spoken of and have not been men of whom trouble of this kind would be expected.

DEATH OF J. H. COLLINS-Word was received in this city last evening about six o'clock that J. H. Collins had passed away at the territorial insane asylum at Phenix[sic]. Mrs. Collins was at once notified and left on the evening train for that place to attend the funeral which took place in Phenix (sic) at four o'clock this afternoon. The sickness and death of Mr. Collins is one of those pathetic human experiences which cannot fail to touch the heart that has a spark of sympathy. Mr. Collins came to this county some seven or eight years ago, coming from Freson(sic) California, where before taking up the practice of law had been a very successful Congregational minister. He practiced law in Jerome for some years but the two great firs in that camp caused him considerable loss and he came to Prescott to locate. He soon had a very large practice and was counted one of the most successful attorneys in this section of the territory. On account of his large practice combined with a great deal of sickness in his family he finally broke down in both mind and body and it was necessary some months ago to confine him in the territorial asylum but nothing that medical skill or the best of treatment could do was able to restore the shattered constitution and he gradually grew worse until the end came to all his earthly sorrows and trials last evening. He was a man about forty five years of age, a brilliant and powerful public speaker and to be cut down just in the prime of his usefulness seems a great pity. The numerous friends of Mrs. Collins and family unite in extending their sympathy to them in this hour of their great bereavement.

MATTERS IN COURT-The grand jury did not complete its labors yesterday and it is doubtful whether they would finish today or not as there was considerable more work before the jury than was expected. The committee to investigate the books of the county officials have done nothing in that line as yet and it is not known just how much of this work they will do. Should they take this matter up thoroughly it may take the committees several days yet. The jury reported four true bills this morning as follows: Chas DeLeon, which had been referred to them the second time; Ramon Cordova, charged with murder, having shot a Mexican to death some weeks ago in front of his saloon on Granite street; and H. A. Pitts, who is charged with making a gun play during the strike troubles at Walker. The above parties were arraigned before Judge Sloan and given the statutory time to plead.

The following charges were ignored by the grand jury: Patrick O’Donnell who was charged with having drawn a gun on some of the striking miners at the Pickerel camp last summer when they were trying to take his picture; Gen. Moore: Francisco Robles and Roy Jones. These prisoners were ordered discharged.

Chas. Day who was indicted yesterday entered a plea of not guilty and his case was set for this afternoon.
John Burke, Romero Rubio and Jacinto Coto, who were indicted yesterday, all plead not guilty and their cases set for trial next Monday.

A. Pratt entered a plea of not guilty but no time was set for his hearing. The afternoon was taken up with the trial of Chas Day, before a jury, on a charge of rape. He was found guilty of the offense and will be sentenced next Monday.

Chono Rios, who committed a cold blooded murder at Congress, has been released from custody at Agua Prieta, Mexico, the governor of Sonora deciding that the evidence against him was not such a character as to justify turning him over to the authorities for trial. The crime itself was a deliberate premeditated killing. The victim being a fellow Mexican it is just possible that the governor of Sonora did not look upon it as being of sufficient importance to justify the punishment of Rios. Immediately upon his release Rios started for the interior of Mexico, where he will not be in danger of being 'yanked up' again. This is the prisoner that Sheriff Roberts made a trip to Mexico to secure.

The information regarding the killing of Justice Reynolds at Crown King last Friday night are still not full as desirable. Justice Talbot, who accompanied Sheriff Roberts and deputies out there, has returned. He says it was difficult to get testimony, bit it was brought out that Andres Bustamente shot Reynolds in a saloon; that he fired three shots, only one of which took effect – going through the heart and lodging in his back. Justice Talbot cut the bullet out and has it in his possession. After being shot Reynolds staggered out into the open air and fell dead. Bustamente then sauntered into another saloon, took a drink and when asked what the shooting was, replied that he has fired his pistol in the air. But he quickly left and has not been seen since. Bustamente is said to have a bad reputation and the Mexicans throughout that section are said to be afraid of him. The cause of the killing or what prompted it are only matters of conjecture. The two men, it is stated, had been seen to take drinks together, the day the killing took place. There were no arms on Reynolds’ body when found and no arms were near it. Sheriff Roberts and posse were not heard from yesterday, so far as the Courier was able to ascertain.
